Dear Mr Bedrock:

I want to thank you for yours of May 25  
and want to apologize for my delinquency. The cause  
was a series of illnesses for 2 years and from either  
ill or recovering.

This included years of al/ho-pneumonia and  
got here the full recovery takes a min of 5 years.  
When I view my youth and activity and compare it to me  
now who can I walk about, walk, a bit can't drive a car  
or do any normal activity.

How I will be this fall, ~~and~~ we will see. I trust  
it may be. My poinsance would be the most I  
could hope for. That and conversation.

I will be returning to N.Y. about Sept - latter  
part and can judge better at that time

My regards to the fraternity and I think  
I'll ask you to get me on in the fall - OK?

Sincerely  
Wilson

(see you in OCT)
